

General Plan & Mission Street Specific Plan Updates

City of South Pasadena
Planning and Building Department
1414 Mission Street, South Pasadena, CA 91030

Application to Participate on Advisory Committee and Focus Groups

The City of South Pasadena invites all residents and business owners to participate in the shaping of the General Plan and the Mission Street Specific Plan updates. The City is seeking a 15-member Advisory Committee who will provide on-going and specific direction throughout the update process. And, there will be individual Focus Groups made up of those who have specific interests/expertise in relevant topics. The Focus Groups will discuss those topics in greater detail and develop policy options for the public to consider. Ultimately, the policy options will lead to actions that implement the community's vision.

Members of the Advisory Committee and Focus Groups will attend 3 to 5 evening meetings over a two-year period. And, all members will participate in a visioning charrette that will be held in April 2017. A charrette is a collaborative and rigorous planning workshop that harnesses the talents and energies of the community to create and support the overall vision for the City and the Mission Street Specific Plan area.
